

# WALL PANEL SYSTEMS FOR **LEARNING ENVIRONMENTS**

**Enhancing the Environment**  
in Which People Live,  
Learn, Heal, Work and Play.

# Performance. Durability. Quality.

When **performance, durability and ease of maintenance** are important, **PSI wall panel systems are the perfect answer.** From new construction to remodeling, PSI wall panel systems are **made for high-traffic, high-use areas.** With **an incredible variety of unique colors, textures and finishes,** there's no need to compromise when you're looking for a beautiful signature look to make a huge impact on your space while **lowering your maintenance costs.** Superintendents, Facility Managers, Architects, and Interior Designers trust PSI for **high quality, beautiful and cost-efficient wall surface options.**

# Reduced Total Cost of Ownership

Choosing the right surface option makes a significant impact on the bottom line. Not only do PSI wall panel systems allow for **incredible design flexibility**, but most importantly, our **long-lasting, easy to maintain and virtually indestructible** surface choices will outperform and outlast many traditional, less desirable options. This leads to **significantly reduced costs associated with cleaning, repairing and general maintenance.**

## A Custom Look

The PSI Wall Panel System is **engineered to be customizable**. With numerous options in high pressure laminates, custom surfaces, trims and moldings, the system affords you a **multitude of combinations to express your design concept**. Additionally with the use of custom laminate surfaces, PSI allows you to **incorporate mascots, school spirit, art or wayfinding throughout your facility**.

## Easy Maintenance

Even after the installation is complete, PSI wall panels continue to save money and time. **No re-grouting, painting or patching needed - simple, routine maintenance** with non-abrasive household cleaning products will keep your panels looking new for years.

## Easy Renovations

PSI is your perfect renovation partner. **With no demolition required, you save time and money all while achieving a signature look, custom tailored to your space.**

- No dust, debris and noxious contaminants in your facility
- No disposal costs
- Faster time to completion
- Minimal clean-up required
- Lower labor costs

## Working Walls

PSI not only provides beautiful wall surfaces, but also features **unique working surfaces designed to add functionality to any space**. Specialty wall surfaces such as **self-healing tackboard**, and **magnetic dry erase boards** are perfect options for learning environments at any grade level, and fit neatly into our engineered system for a visually integrated wall design.

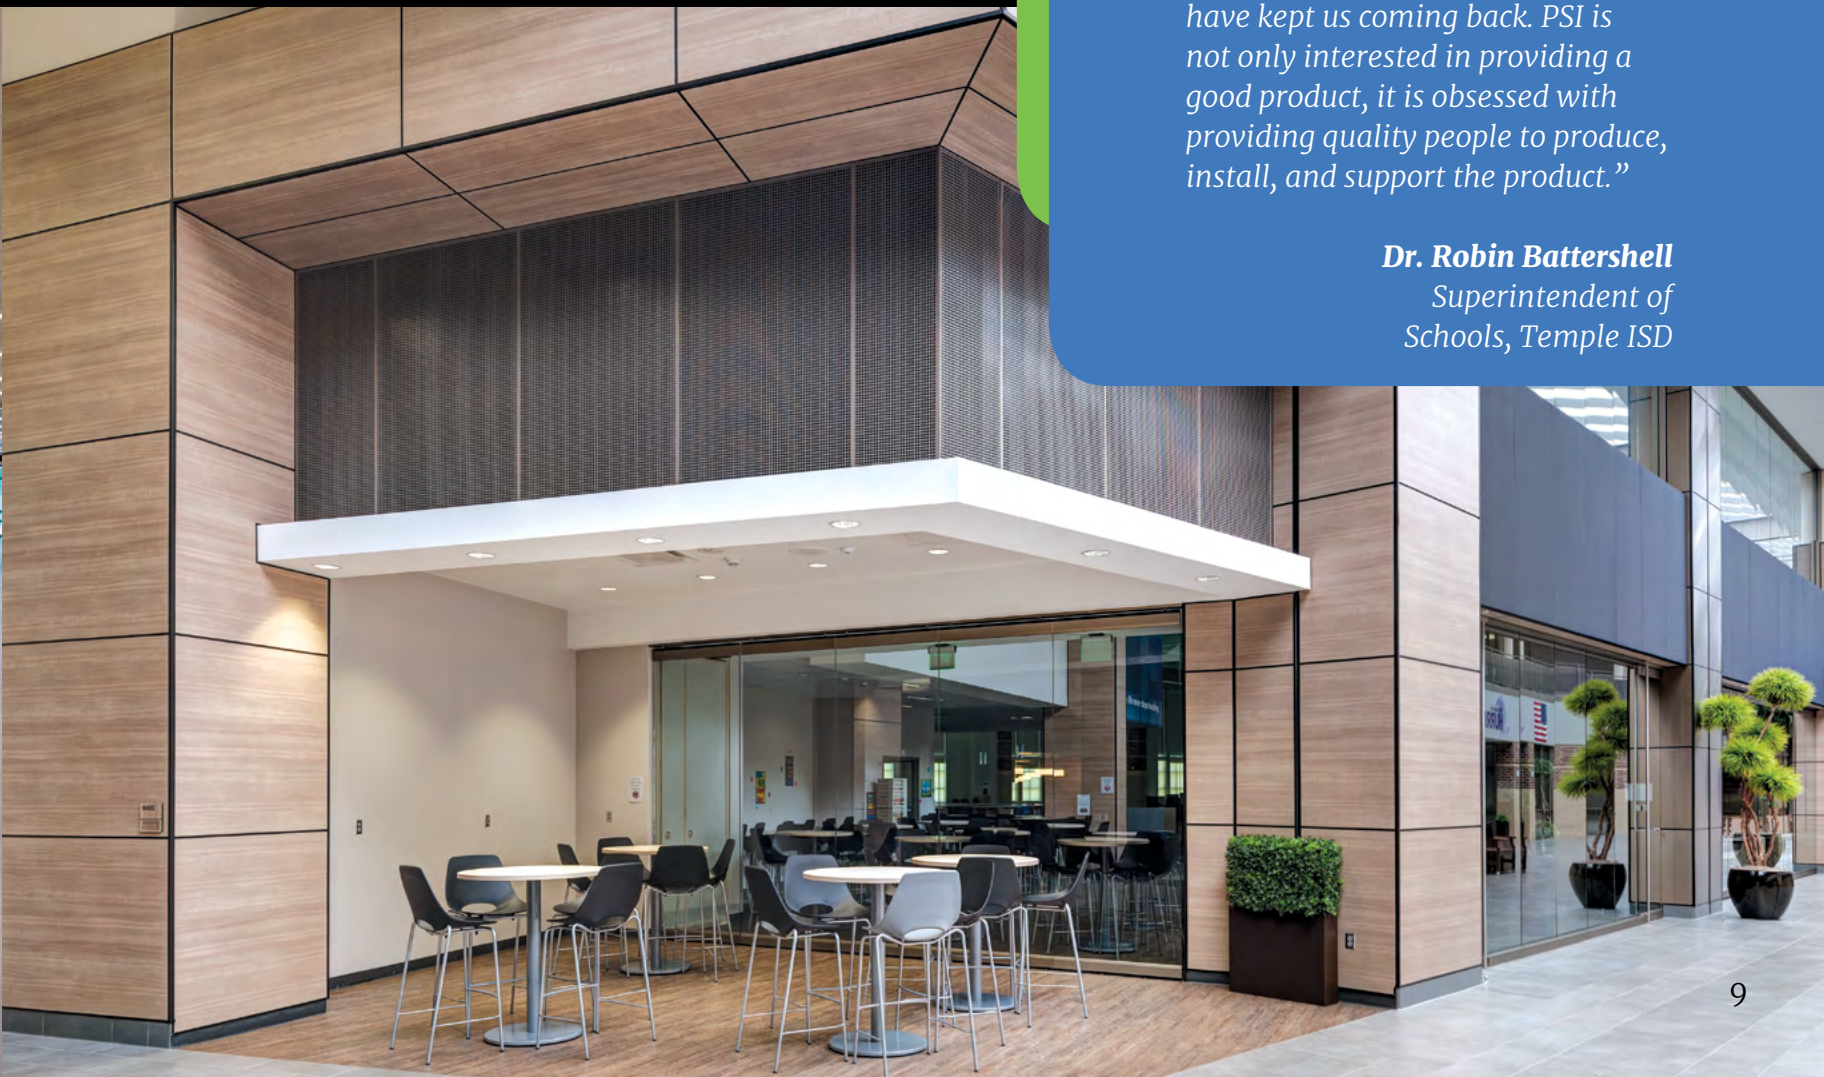

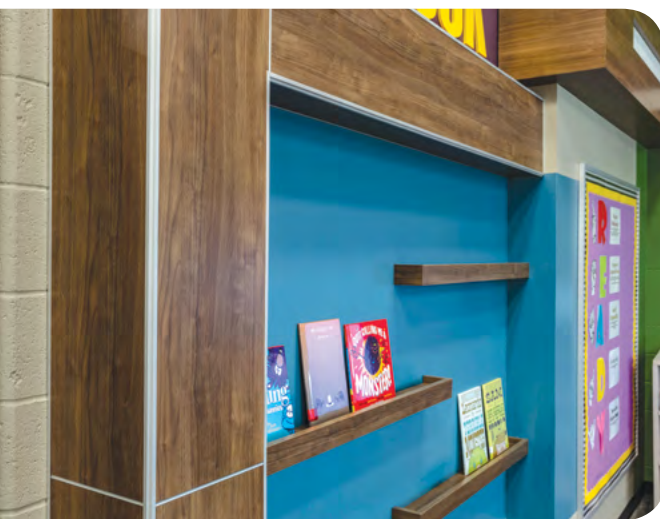

*“Through the array of colors, patterns, designs and the ability to superimpose photography and pictures into the laminated surfaces, PSI panels are so much more than a durable, cost-effective wall solution, these are art! Good advertising brought us to PSI Panel Systems, the people behind PSI have kept us coming back. PSI is not only interested in providing a good product, it is obsessed with providing quality people to produce, install, and support the product.”*

**You Can Now Breathe New Life  
Into a Variety of Areas  
Simply and Affordably:**

● Corridors ● Entryways ● Classrooms ● Cafeterias ● Gymnasiums

"We also had the chance to cover up places in our halls at West Middle School where lockers once were located. These durable and attractive panels make an unfinished looking hall look wonderful!"

**Bret Smith**

Executive Director  
of Operations,  
Ponca City  
Public Schools

"My opinion of your product has not changed a bit since installation. Our walls still look brand new, without any scuffs, dents, or scratches. This is an amazing product and I would be proud to recommend it to anyone looking for a long-term investment in wall coverings."
