

## The Warmth and Elegance of Wood With Superior Quality and Versatility

**T**imeless and beautiful, wood veneer panels bring an added touch of warmth, elegance and style to any space. **And when you choose PSI, you know you are making a choice that reflects quality, craftsmanship, and design.** Whether in a corporate lobby, atrium, or upscale residential living complex, we can help create inviting spaces with the natural beauty of our wood veneer wall panels. **Maximize the aesthetic quality and vision of your next project when you specify from the leader in commercial wall panel systems.**

*Molding System 310 in black with  
Flat Cut Mahogany Wood Veneer*

# RICH IN BEAUTY AND DESIGN

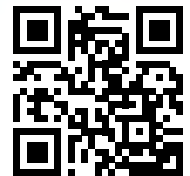

When you employ PSI Wood Veneer Panels as part of your solution, you're enriching the intrinsic value of each user experience with:

- **Carefully selected veneers** in both A and AA architectural grade distinctions
- **Panel to panel joints**, corners and edge trims are engineered into the system design for ease of specification, installation and lower cost compared to mill work
- **Environmentally friendly UV coating adds durability** – protecting your

investment while maintaining the panel's beauty

- **Finished wood edge banding** for a more natural, solid wood appeal on all panels
- **Flexibility to mix and match with other PSI panels** so you can utilize multiple products in a single space
- **29 natural and timeless veneers are in our standard offering.** Most other veneers are available on request
- **Clear-coated and custom stains** in a gloss or satin finish
